

Ginni Gopal Boards Pvt. Ltd.

FOOD SAFETY POLICY

We at GGBPL, taking into account of our internal and external issues are committed to manufacture and supply safe and quality corrugated boards, boxes and sheets.

Our commitment to quality and food safety shall be reflected by means of every action.

Raw material used at GGBPL shall always meet specified food safety standards and applicable legal and statutory requirements.

Factory shall maintain high standard of hygiene which ensure that our products are safe for handling food products.

Our manufacturing processing always ensure delivery of products consistent with product and pack specification which are free from contamination.

We shall achieve this through a process of carrying out risk analysis of our internal and external issues, continual improvement in all areas of operations, giving emphasis on interested parties with their needs and expectation and active involvement of employees at all levels
